EFG - The voice of European Geologists

European
Federation of
Geologists

Rome Call for A.I. Ethics, 2024

- Signing together with Confprofessioni the “Rome Call for A.I. Ethics” to promote a sense of shared responsibility among international organizations, governments, institutions and the private sector in an effort to create a future in which digital innovation and technological progress grant mankind its centrality.

THE CALL

Key activity 2025

- Implement activities to establish an European academy for advanced training courses and for the technical-cultural improvement of young professionals in the field of geosciences.
- Involve FEG, Ceplis, Confprofessioni, CNG, Cnel, World Union of Professions...

European
Federation of
Geologists
