Main Goal

- Promote cultural and professional initiatives in the field of geology and geoscience at a European and global level, through synergistic collaboration with EFG member organizations.

Planned actions

- submit proposal to the EFG Council for formal procedures;
- send a "Protocol of Intent" to relevant stakeholders;
- involve key international professional bodies (CONFPROFESSIONI - Italy, CEPLIS - Europe, UMPL - Global).

Objectives

- develop new professional opportunities for geologists and geoscientists;
- foster innovation and international cooperation in the sector of geoscience.
